**INSTRUCTOR: GARY TOPP, CML, CMS, CSP ALOA ACE INSTRUCTOR**

Gary is the owner of Everett Safe and Lock, a successful lock shop in Everett, WA. He is the past president of the Washington Management Council and is a popular, experienced instructor of Northwest locksmith and safe technician classes.

AM: Gary will work with the students to prepare for the afternoon testing.

PM: Testing will take place.

With this certification a locksmith earns the right to be a voting member of the NWLA and may also be allowed to be a participating member of the NWLA Board. The test is of basic locksmith skills: automotive, master keying, safes, deposit boxes, life safety and general locksmithing. The test is administered in two parts - one part is hands on and one part is given in written form.

Students who complete and pass the test will receive a certificate and NWLA certification plaque .
